

## Kevin's Dream

One day, Sally and Kevin talked about their dream jobs. Sally asked, 'What do you want to be when you grow up? Why?' 'I want to be an astronaut when I grow up because I can explore space, travel in spaceships and walk on the moon!' Kevin said excitedly.

That night, Kevin had a dream. He was an astronaut on the moon. He was so excited. Suddenly, he saw an alien. The alien chased him. Unfortunately, he ran too slow. Kevin thought, 'I need to do more exercise to become fitter so that I can run faster.' When the alien was about to catch him and eat him, he woke up.

Next day at school. Kevin told Sally about it and said, 'I think I will change my mind. I think I want to be a stylist instead of an astronaut.' They laughed and laughed.
