

# My Hobbies

In my spare time, I like jogging because after jogging, I will feel good. I go jogging at Tuen Mun Park. I always go jogging with my sister and Mum. Sometimes my dad will join us! We go jogging every day. We feel happy.

I also like playing card games. In my spare time, I like playing card games because I often win and I am happy. I play card games with my sister and Dad at home. We feel excited.

How about you? What do you like doing in your spare time? Do you like going jogging and playing card games?
