

Sam in Old Hong Kong

One day, when Sam woke up, he saw the old Hong Kong. There weren't any tall buildings or supermarkets. There were buildings with a few floors and markets.

He went to the playground. He saw two girls. They were playing hopscotch. There weren't any electronic games in the past. Sam asked the girls to play electronic games together. The girls did not know what he was talking about.

Sam felt bored. He cried, 'I want to go home!' The girls said, 'Don't cry! Let's play on the swing! Try to enjoy!'

In the end, Sam played with the girls. He was very happy. Later, Mum woke him up because it was just a dream. After that, Sam learnt that even without electronic games, he can have great fun.
