

# A Terrible Journey

Last Sunday, John was on the MTR. He was listening to music with his headphones. Then, a man who was wearing a suit and a pair of glasses got on the train.

After a while, the man took out his lunch box and started eating. He ate noisily. Everyone on the train was disturbed by him.

After that, a woman got on the train. She saw the man eating noisily. 'Please don't eat on the train,' she said to him. 'Go away!' the man replied angrily.

In the end, Sam saw the man talking rudely to the woman. 'Hey, if you eat in the train, it might get dirty. It won't be comfortable for other passengers to ride a dirty train,' Sam said to the man. The man listened to Sam and put his lunch box back in his backpack. He learned that we shouldn't eat on the train.
