

Writing

Dear Miss Wong,

We are writing because we hope you can help us to organize a charity walk activity for earthquake and tsunami victims in Indonesia.

Three weeks ago, there was a tsunami in Indonesia. Now many people were poor since the tsunami killed a lot of people and washed away people and buildings. Unluckily, two weeks ago, there was an earthquake in Indonesia. Now, there were a lot of people homeless since the earthquake destroyed many houses and buildings. There people couldn't buy food since it is expensive. Sometimes, they have to beg for food.

We would like to organize a charity walk to raise money for the poor people. It can be held on 30th December. We can have a charity show too. They can either sign or play music in the show.

The people in Indonesia are suffering. We want to help them. We hope you can help us to organize a charity walk and show to raise money for them.

Yours sincerely,
Varick
