

My dream job

When I grow up, I want to be a model. I admire the famous model, Sui He, for her stunning beauty and confidence. I hope one day I can be like her, walking on the runway and inspiring others with my own unique style.

I want to be a model because I love fashion and I enjoy expressing myself through clothes and make up. I'm fascinated by the world of fashion and the creativity that goes into it.

Becoming a model is not easy. It requires a lot of hard work and determination. I can achieve my dream.

I will work hard to improve my physique and learn about the fashion industry. I will attend modelling classes and workshops to develop my skills and confidence.

I am confident that with dedication and perseverance, I can become a successful model. I will use my platform to inspire others to embrace their individuality and express themselves through fashion.
