

Unforgettable Sports Day

Today was our school's Sports Day. It was sunny. The Sports Day was held at Tuen Mun Sports Ground. We arrived there at eight o'clock in the morning. I met my classmates and we greeted each other. We were very happy and excited.

There were many sports events including track events and field events. They were high jump, long jump, shot put, running races and relay races. My favourite sports event is long jump. I was the winner of this event on Sports Day.

I also joined the relay race. When I gave the relay stick to my teammate Eva, I dropped the stick to the ground. At that moment, everybody was shocked and thought that our class would lose in the race. However, Eva picked up the stick immediately and tried her best to run as fast as she could.
