

Unforgettable Sports Day

Yesterday was a sunny day and it was perfect for Sports Day. I was very excited. The Sports Day took place at Tuen Mun Sports Ground. When I arrived, I met my classmates May, Peter and Jan. We greeted each other happily.

We took part in different events. I took part in long jump. I won a gold medal. I was over the moon. May took part in high jump and Peter took part in short put. Jan took part in running race and he got a silver medal. The cheer groups shouted loudly and cheered for us.

Four of us also joined the relay race. At first, May and Peter ran very fast. When Jan passed me the relay stick, it dropped on the running track. Everyone was shocked at that time. Luckily, I picked the relay stick up at once and I ran at my highest speed.

I came first when I crossed the finishing line. We even broke a record. It was the best Sports Day ever!
